SUMMARY

As a frontend developer, I specialize in creating responsive, user-friendly web interfaces using modern technologies like HTML, CSS, JavaScript, and frameworks such as React js . I have a strong eye for design and a deep understanding of UX/UI principles, enabling me to translate complex designs into clean, efficient code. My experience includes problem-solving, debugging, and ensuring seamless performance across various devices and browsers. I am a collaborative team player with excellent communication skills, committed to continuous learning and staying updated with the latest industry trends. A quick learner who can absorb new ideas and can communicate clearly and effectively both written and oral.

SKILLS AND STACKS

- Project Management
- Adaptability
- Exceptional time management
- Complex problem solving
- Good team spirit
- Creativity
- Html5 & Css3
- frameworks(tailwind,chakraUi,bootstrap,shadcn)
- figma
- Javascript
- React Js
- Typescript
- Next js
- Cms(wix,wordpress)
- Git&Github

EXPERIENCE

FRONTEND DEVELOPER

Jun 2022 – Current

- Develop new frontend applications.
- Ensured cross-browser compatibility and adherence to web standards, conducting thorough testing and debugging in multiple environments
- Worked closely with UX/UI designers to translate wireframes and mockups into high-quality code, focusing on delivering visually appealing and user-centric interfaces.
- Write quality unit and integration tests.
- Built and maintained responsive web applications using HTML, CSS, JavaScript, and frameworks like React , ensuring optimal performance across devices and browsers.

- Ensured cross-browser compatibility and adherence to web standards, conducting thorough testing and debugging in multiple environments.
- Utilized Git for version control and collaborated with backend developers using tools like GitHub and GitLab to integrate frontend with backend services seamlessly.
- Built and maintained responsive web applications using HTML, CSS, JavaScript, and frameworks like React and Angular, ensuring optimal performance across devices and browsers.
- Stayed updated with the latest frontend technologies and best practices, attending workshops, webinars, and contributing to open-source projects.
